Front-end developer | Back-end developer | Full Stack Web Developer | DevOps | HTML | CSS | JavaScript | TypeScript | React.js | Node.js | Express.js | MongoDB | noSQL | Kubernetes | AWS

M'Saken, Sousse, Tunisia

Summary

As a Full Stack Web Developer, I have developed a diverse skill set and a passion for software development. I am proficient in a variety of technologies, including JavaScript, TypeScript, ReactJS, NodeJS, and ExpressJS, and am always looking for opportunities to learn and grow in my field. I have a good understanding of code conversion tools and take pride in my ability to identify and fix website issues. In my free time, I enjoy staying informed about the latest software development trends and seeking out new tools and technologies to add to my skillset. In addition to my professional experience, I am proficient in three languages - Arabic, English, and French - which helps me effectively communicate with clients from various backgrounds. Overall, I am a dedicated Full Stack Web Developer with a strong work ethic and a desire to continuously improve.
